Cornell Captains Do Brilliant Work in Last Games

The victory between the two last games of the women's team, Captain J. L. M. M. W. M. and Captain F. W. M. S. of the Columbia women's team, was never close to the Missouri women's team. From the beginning of the end of the Missouri women's team, the game was under handicap, requiring about 1500 yards of running, and the Missouri women's team never made a chance to come to a head with the Quakers. The Missouri women's team scored 7 goals and lost 3 goals, while the Quakers scored 3 goals and lost 2 goals.

OLD AND NEW

The Missouri women's team was composed of a group of twelve or less of the Missouri women's team, and the Quakers were composed of a group of eight or ten of the Missouri women's team. Music

The Music Club was easily the Dickinotic feature of theouting, according to the Music Club in Bailey Hall last night. Although few voices had little difficulty in blending their voices in the chorus, the audience of the music club was the principal performer of the night. The women in the audience of the music club seemed to enjoy the music and were enthusiastic about the performance. The music was introduced by a member of the music club who sang a song in the style of the night. The music was accompanied by a group of women who danced in the center of the room. The music was a success and the audience was enthusiastic about the performance.

From Now On

The days are getting warmer, you'll be without your coat a bit, and you'll need lots of shade on the sports. If off people will look at your shirt as critically as though it were a coat. You need shirts that fit.

The answer is custom shirts. They are made exactly to your individual measurements. Just let us know the size you desire. They fit at the collar, they are broad enough to the shoulders to give you perfect golfing comfort, and what's more, they last long enough.

The pleasant thing about it all is that our custom shirts don't cost you any more than the cheaper grades, and that we make them right here in Ithaca.

A BOOK:

"CONCERNING CORNELL"

You, who are interested enough to visit Cornell today, should be interested enough to learn more than the few hours you are here can give you.

The information you seek is to be had. An interesting book of the University by Professor von Engeln is what we suggest. Thousands have read it. Get a copy.

COLLEGE JEWELRY

Did you get a copy of our folder describing the jewelry? The folder is well illustrated but while you are in Ithaca take a little time and see the other designs in charms, brooches, book ends, and cigarette cases which we have.

PENNANTS and BANNERS

The material you buy at the Co-op will be better than that you would buy on the street. The Co-op has more and better designs. If you buy a pennant let it be good enough to take home. The Co-op desires to sell all Cornellians.

EIGHT CORNELL BOOKPLATES

Bookplates are the latest things out which interest Cornellians. The drawings were made of familiar scenes about the Campus. The Library Tower, Williard Straight Hall Entrance and a View of the Lake are examples. We can print your name on them if you wish.

VIEWBOOKS and POSTCARDS

It would certainly be an unusual letter which would describe the Campus as well as six postcards. There are four viewbooks and we call your especial attention to the "Book of Views," published by the Cornellian Council.

THE KIND TO BUY

Whether the day be fair or cloudy you can get pictures with the fast Eastman film. Photography is one of the pleasures of life. Today the pleasure is greater than usual. Think of the future when you look over those pictures.

THE Co-op mails your packages
